

How I became an aid worker - and what the rules are.

1

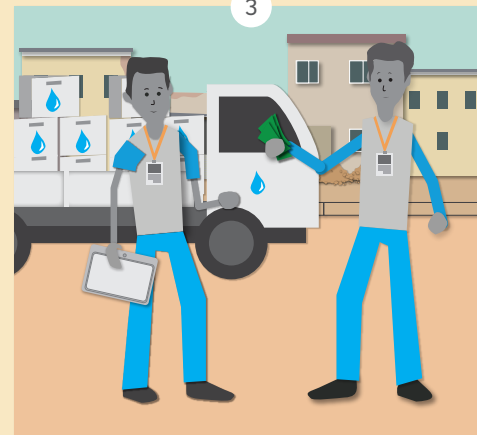

I was doing my job.

2

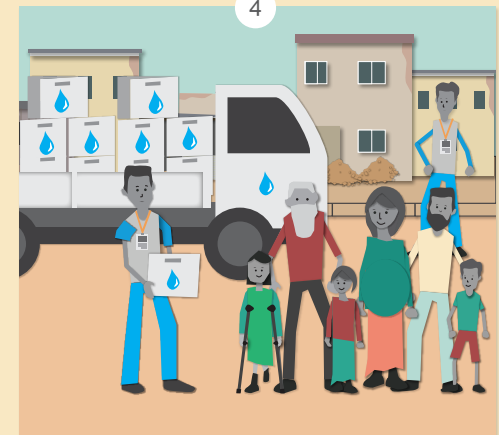

My boss got some money from the UN to help people affected by a crisis.

3

Now some of the funding/money from the UN is being used to pay me.

4

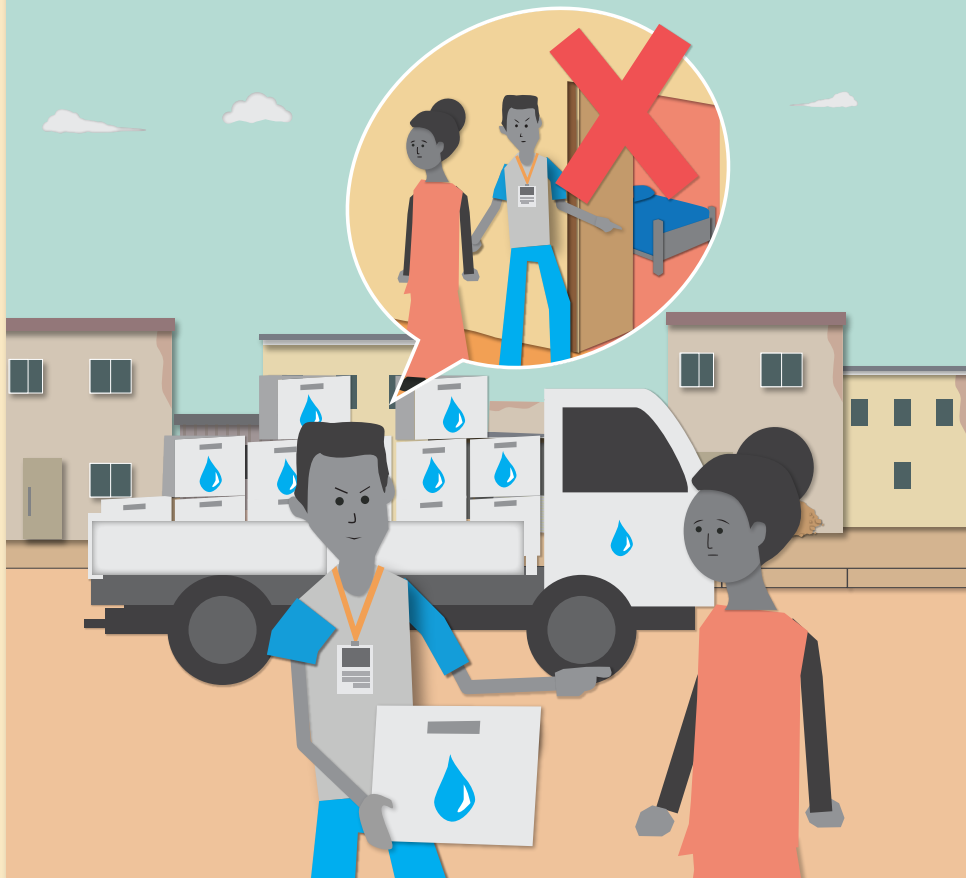

I still do the same job - but now I am in aid work and the community sees me as an aid worker.

Now I have to follow the rules that apply to all aid workers.

The rules I need to follow now that I am an aid worker:

1

We must never ask someone for sex or sexual favors in exchange for doing something for them.

2

We must never use the services of prostitutes, or pay for sex with anyone - even if it is offered

**We must never have sex with children.
Anyone under 18 years old is a child.**

If I see it, hear about it, or suspect it, **I MUST report it.**
I will not get in trouble with my organization.
